

FLORIDA SOUTH CHAPTER

The American Society of Interior Designers has long recognized the key role that the NCIDQ examination plays in design practitioners' career plans. Passage of this rigorous test signifies the hallmark of professionalism in the interior design community, and alerts the public to the expertise and experience of the designer who has met this challenge. To that end, ASID created the STEP program to provide a broad perspective of the issues and information pertinent to the NCIDQ exam.

Nonmembers:	\$445	\$325

*A la carte or partial participation in a STEP workshop is only available for those who have previously taken a STEP workshop within the last three years or have taken the NCIDQ exam.

ABOUT THE WORKSHOP

The STEP workshop is periodically conducted nationwide and is comprised of 20 hours of instruction over a 2 1/2-day period. Participants have the opportunity to experience practice exams patterned after the newest NCIDQ and, with the guidance of experienced instructors, determine which areas require further preparation. Workshop participants are provided with a comprehensive workbook that includes practicum exercises and multiple-choice sections similar to those in the NCIDQ exam. These practice tests are administered and thoroughly reviewed during the workshop. The workbook also includes helpful practice exams that participants may take home with them.
